Owner: Zawwar Ahmed • Newix Tech Solutions

1. Brand Overview

Brand Name

Zoqonyx (pronounced: Zo-kon-ix)

Tagline: **Solution Hub**

Brand Essence

Zoqonyx is a large-scale free online tools platform that empowers developers, designers, marketers, students, and professionals with powerful, fast, and completely free digital tools. The brand stands for accessibility, speed, modern technology, and unlimited creative power.

Brand Personality

- **Smart & Reliable** — Tools that just work, every time
- **Modern & Futuristic** — Clean design with a tech-forward aesthetic
- **Helpful & Accessible** — Free for everyone, no barriers
- **Professional yet Approachable** — Serious power with friendly UX
- **Creator-Focused** — Built for people who build and create

Brand Promise

Every useful tool people search for — available free, fast, and beautifully designed. From image editors to SEO generators, Zoqonyx is the one-stop Solution Hub.

2. Logo System

Primary Logo

The primary logo consists of a circular icon (infinity symbol combining a wrench and circuit board) paired with the wordmark “ZOQONYX” and the tagline “Solution Hub”.

Logo Components

- **Icon** — Circular infinity mark symbolizing continuous solutions + tools + technology
- **Wordmark** — Bold geometric “ZOQONYX” with stylized X for energy and modernity
- **Tagline** — “Solution Hub” reinforcing the platform’s purpose

Clear Space & Minimum Size

Always maintain clear space equal to the height of the letter “Z” around the full logo. Minimum digital size: 120px wide. Minimum print size: 30mm wide.

Logo Don’ts

- Do not stretch, rotate, or distort the logo
- Do not change the gradient colors of the icon
- Do not place the logo on busy backgrounds without a solid container
- Do not use outdated or low-resolution versions

3. Color System

The Zoqonyx color palette is futuristic, modern, and tech-oriented. Primary blues convey trust and professionalism, while cyan and purple gradients add energy and innovation.

Primary Colors

Color Name	HEX	RGB	Usage
Deep Navy	#0F172A	15, 23, 42	Text, Dark mode bg, Logo wordmark
Primary Blue	#1E3A8A	30, 58, 138	Primary buttons, Headers, Links
Gradient Blue	#2563EB	37, 99, 235	Accents, Hover states, Icons
Electric Cyan	#06B6D4	6, 182, 212	Highlights, CTAs, Logo gradient start
Soft Purple	#7C3AED	124, 58, 237	Logo gradient end, Special accents
Light Gray	#F1F5F9	241, 245, 249	Backgrounds, Cards, Sections
Medium Gray	#64748B	100, 116, 139	Secondary text, Borders

Gradient Usage

The signature gradient runs from **Electric Cyan (#06B6D4)** → **Soft Purple (#7C3AED)**. Use this gradient only on the logo icon, hero sections, and special CTAs. Never apply it to body text.

4. Typography System

Typography is clean, modern, and highly readable. The system prioritizes clarity on both desktop and mobile.

Primary Font Family (Recommended)

Plus Jakarta Sans or **Inter**

Both are free Google Fonts, excellent for headings and body text, and fully support the modern geometric look of the Zoqonyx brand.

Alternative / Fallback

- System UI / -apple-system / BlinkMacSystemFont / Segoe UI / Roboto / sans-serif

Type Scale

Style	Size	Weight	Usage
Display / Hero	40–56px	Bold / 700	Homepage hero titles
H1	32–36px	Bold / 700	Page titles, Tool names
H2	24–28px	SemiBold / 600	Section headings
H3	20–22px	SemiBold / 600	Sub-sections, Cards
H4 / H5	16–18px	Medium / 500	Small headings, Labels
Body Large	16–18px	Regular / 400	Lead paragraphs
Body	14–16px	Regular / 400	Main content, descriptions
Small / Caption	12–13px	Regular / 400	Meta text, footers, captions
Button Text	14–16px	SemiBold / 600	All CTAs and buttons

Logo Font Recommendation

For the wordmark “ZOQONYX”, use a bold geometric sans-serif with slightly tighter tracking. Recommended: **Plus Jakarta Sans Bold** or **Inter Black**. The special treatment on the letter “X” (gradient) should be preserved in SVG versions.

5. Social Media Branding Kit

Consistent branding across all platforms builds recognition and trust. Use the official logo, colors, and typography everywhere.

Profile Pictures (Avatar)

- Use the circular icon only (without text) on a white or dark background
- Recommended size: 400 × 400 px (or higher)
- Platforms: Instagram, Facebook, Twitter/X, LinkedIn, YouTube, TikTok, Pinterest

Cover / Banner Images

- Background: Deep Navy (#0F172A) or subtle gradient (cyan → purple)
- Include full logo + short tagline “Free Online Tools Platform” or “Solution Hub”
- Keep important elements in the safe zone (center 60%)

Platform	Recommended Size	Notes
Twitter / X	1500 × 500 px	Banner
Facebook	820 × 312 px	Cover photo
LinkedIn	1584 × 396 px	Company page banner
YouTube	2560 × 1440 px	Channel art (safe area 1546×423)
Instagram	1080 × 1080 px	Profile + posts

Social Media Handle Suggestions

- Instagram / TikTok / Twitter(X): **@zoqonyx** or **@zoqonyx.com**
- Facebook / LinkedIn: **Zoqonyx** or **Zoqonyx Solution Hub**
- YouTube: **Zoqonyx Tools**

Post Style Guidelines

- Use brand colors and clean layouts
- Always include logo watermark or brand mark in corner (subtle)
- Tool tip / “Did you know?” style posts perform well
- Showcase before/after results of tools (image compressor, background remover, etc.)
- Keep text overlay minimal and readable

6. Website & Marketing Branding

Website Application

- Header logo: Full logo (icon + wordmark) on desktop, icon-only on mobile if needed
- Favicon: Circular icon only (32×32, 16×16, and 180×180 for apple-touch)
- Dark / Light mode: Logo must work on both (provide dark version with lighter wordmark)
- Footer: Small logo + “Developed by Newix Tech Solutions” credit with link

Key Marketing Messages

- “Free Tools. Unlimited Power.”
- “Every Tool You Need. Zero Cost.”
- “Build Faster. Create Better.”
- “Your All-in-One Solution Hub”
- “100% Free. No Sign-up Required for Most Tools.”

Content Tone of Voice

Friendly, clear, confident, and helpful. Avoid jargon unless the tool is technical. Speak like a smart friend who knows the best tools.
